Dear Colleagues,

This morning, the Executive Committee received a detailed report from the DFA's Chief Negotiator about the first day of conciliation on Wednesday, February 1. Despite our team's efforts to make real progress at the table, the Board's team is showing no serious interest in concluding a collective agreement.

As a consequence, the Executive Committee is calling all Members out for a strike vote February 14, 15 and 16 to show support for our position and our negotiating team. We urge all DFA Bargaining Unit Members to come to the general meeting on February 13 to hear the report of the DFA Chief Negotiator.

Sincerely,

Anthony Stewart  
President  
Dalhousie Faculty Association
