

Dalhousie Faculty Association

Negotiations Bulletin

The DFA's bargaining team met with the bargaining team for the Dalhousie Board of Governors on Monday, June 26, 2017 to exchange non-monetary proposals for consideration.

Throughout July and August, DFA's bargaining team will continue to gather data and information, and will think through what Dalhousie's proposals would mean for our Members if accepted.

Negotiations will be in full swing by late August, with both sides meeting at the table to discuss proposals. Our next few meetings are scheduled for August 29, 30, 31 and September 1. Meeting dates are scheduled through to the end of November.

If you have any questions, comments or feedback, please pass them along to the DFA office (*see contact information to the left*).

The Negotiations Bulletin will be issued throughout the collective bargaining process and posted to the Members Only area of our website.
